About Me:

Hardworking and enthusiastic college student working towards a **B.Sc in Data Science** from IIT Madras. Also pursuing a **B.Tech in CSE**. Skilled in **Python**, problem-solving and data analytics. Dedicated to learning and contributing as a team player. A person having vivid interest in dealing with numbers , facts and figures . Always working on improving myself while being humble and honest to the process.

My Work

Internship Project : IoT Testbed

Institution : IIT Ropar

Duration : 6 months (2 months offline)

Project Description : A project showcasing an IoT based testbed designed to simulate real world IoT environment allowing for testing of the systems in a controlled but realistic setting. I was tasked with designing of the testbed page along with database connection coupled with linear programming to write a mathematical model for scheduling of the jobs in the testbed in an

efficient manner.

Certificate

View Internship Certificate

B.Sc in Data Science from IIT Madras   **2023-2027**
Skills with proficiency:

Data Analytics

Vector Transforms

Calculus

Statistical Models

B.Tech in CSE from RSCOE, Pune   **2022-2026**
Skills with proficiency:

SQL (DDL, DML)

Data Mining & Machine Learning

Cloud Computing & DevOps

Skills

Analytical Thinking
